

A decorative graphic consisting of a network of interconnected nodes and lines, resembling a molecular structure or a data network. The nodes are represented by small circles, some of which are highlighted in blue, while others are grey. The lines connecting them are thin and grey. This graphic is positioned in the top-left and bottom-right corners of the image, framing the central text.

North Star BlueScope Steel Water Festival

Introduction

- ◎ NSBSL holds water celebration day on biannual basis
- ◎ Community outreach and a way to give back to the community
- ◎ Educate students on the importance of water and water related topics

During this event students rotate between different station activities.

Methodology: Planning

- ⦿ Committee meeting to determine how many activities needed, type of activities, and budget
- ⦿ Reached out to past community volunteers
- ⦿ Reached out to personal contacts about volunteering opportunity
- ⦿ Facilitated the planning of age-appropriate activities for each station
- ⦿ Assisted in ordering materials and t-shirts for the event

Methodology: Executing

- ◎ Each volunteer had a station or a job and made sure everyone knew where they were going
- ◎ Students rotated between stations
- ◎ I led activity on the importance of clean water and water filtration

Conclusion

- ◎ Overall, the event went very smoothly
- ◎ Students learned about several water related topics
- ◎ I learned about teamwork and delegating responsibilities
