

The relationship between Easterly Surge and the feasibility of stargazing in Kinmen.

- By observing the clouds and weather conditions in the evening, we want to know the feasibility of stargazing at night in winter and summer in Kinmen.
- Kinmen is influenced by the Easterly Surge, and the sky is cloudless in winter, making it easy to observe stars.
- Compared to its neighbors at the same latitude, Kinmen is shaded by clouds in winter than in other areas.
