

THE GLOBE IMPLEMENTATION OFFICE

February 2015

The GLOBE Implementation Office (GIO) in conjunction with the California Environmental Education Foundation is pleased to invite you to participate in the **19th GLOBE Annual Partner Meeting** scheduled for **19-24 July 2015** in Los Angeles, California, U.S.A.. The GLOBE Working Groups Meeting will be held on Sunday 19 July 2015. We also invite you to bring a delegation of GLOBE representatives and students from your country to attend this important event. The meeting will take place at the Hilton Universal, Los Angeles, California. Some sessions will take place at the University of California, Los Angeles (UCLA). Sessions designed for students will be held at the University of Southern California Wrigley Center for Environmental Studies at Two Harbors on Catalina Island and also at the Santa Monica Mountains.

GLOBE Annual Partner Meetings bring together GLOBE Country Coordinators and U.S. Partners, along with their respective training teams, scientists, GLOBE Alumni, students, and community members, representatives from partnering organizations from around the world, and GLOBE Program sponsors to address strategic science and education elements of GLOBE.

Attendees will be offered a unique opportunity to learn about the latest scientific research and other developments in the Program, interact with GLOBE community members and scientists who are using GLOBE data in their research and meet with leading educators to discuss effective methods to enhance the GLOBE educational experience in the classroom. In addition, members of the GLOBE community will have the opportunity to display a poster and/or other exhibit materials that highlight their local GLOBE activities. Registration information and further details about the meeting will be available soon on the [globe.gov Annual Meeting Event Website](http://globe.gov/AnnualMeetingEventWebsite).

This year will also feature the third Student Research Exhibition, where GLOBE students will present posters of their scientific GLOBE research. Information about this event will be available soon on the [globe.gov Annual Meeting Event Website](http://globe.gov/AnnualMeetingEventWebsite).

It is important to note that all participants are responsible for all costs associated with travel and participation in these events. Participants are also responsible for obtaining their own travel documents and any required visas. This invitation letter may be used to assist in that process.

We look forward to your participation at the 19th GLOBE Annual Partner Meeting.

Sincerely,

Director
GLOBE Implementation Office
