

# GLOBE School Recognition

## Schools with the Most Observations

- The first Arqah Secondary School Al-riyadh (Saudi Arabia)
  - **248,000+** observations between 2009–2025
- Mittelschule Elsterberg (Denmark)
  - **198,000+** observations between 1995–2020

## Schools with Long Streaks

- Zakladni Skola - Ekolog. Praktikum (Czech Republic)
  - **4961** days (1995–2009)
- Primarschule Trittenbach (Switzerland)
  - **4517** days (1998–2010)

## GLOBE Member Recognition

- Impact on Community Knowledge
- Impact on Youth
- Technological Advancement
- Environmental Stewardship
- Expanding Collaboration and Partnerships
- Lifetime Achievement

**#GLOBEMeeting2025**

---

## Impact on Community Knowledge

In recognition of significant impact on knowledge across the GLOBE community, including expanding knowledge of GLOBE protocols, data analysis, and Earth system science:

- Juan Felipe Restrepo Mesa, Colombia
- Kevin Czajkowski, USA
- Laura Altin, Estonia
- Nahid Ajluni, Jordan
- Lala Sahondra Rafaraso, Madagascar
- Yashraj Patil, India

## Impact on Youth

In recognition of significant impacts on youth, especially advancing Earth system science by engaging youth with GLOBE in ways that deepen their commitment to and interest in Earth systems:

- Dario Greñi Olivieri, Uruguay
- Diana Johns, USA
- Francis Emralino, Philippines
- Ngossé Bousso Fall, Senegal
- Reem Hasan Dahnous, Jordan
- Stojan Manolev, North Macedonia

# Technological Advancement

For expanding the use and knowledge of technology that supports the GLOBE community, including promoting creative or innovative uses of technology:

- Ana Beatriz Prieto, Argentina
- Charles Maina Mwangi, Kenya
- Jessica Taylor, USA
- Matthijs Begheyn, Netherlands

## Environmental Stewardship

For their contributions to GLOBE activities that led to impacts on local communities and/or policies and programs that protect those communities:

- Francis Wasswa Nsubuga, Uganda
- Hameed Sulaiman, Oman
- Peggy Foletta, USA
- Sandro Sutti, Italy

---

## Expanding Collaboration and Partnerships

For their significant role in brokering new partnerships and productive collaborations between GLOBE members, and across countries, regions, and the GLOBE community. These collaborations have resulted in impacts within communities, increasing opportunities for expanding scientific knowledge and pursuit of scientific endeavors:

- Andrea Ventoso, Uruguay
- Claudia Caro Vera, Peru
- Lynne Hehr, USA
- Nadhira Ahmed Alharthy, Oman
- Randrianarisoa Paul, Madagascar
- Vesna Lampić, Croatia
- Yogendra Chitrakar, Nepal

---

## Lifetime Achievement

For their long-term engagement in the GLOBE community that has included significant contributions and demonstrated leadership that has impacted youth, educators, partnerships, and other groups across GLOBE:

- Elena Bautista Sparrow, USA
- Ahmed Moosa Al Balushi, Oman
- Ines Maria Mauad, Brazil
- Patchara Pongmanawut, Thailand
- Diana Garsic, Croatia
- Ylliass Destin Lawani, Benin
