

Hello, we are from the Czech Republic, from Hradec Králové

Štefcova

Základní škola

Our hometown and our school

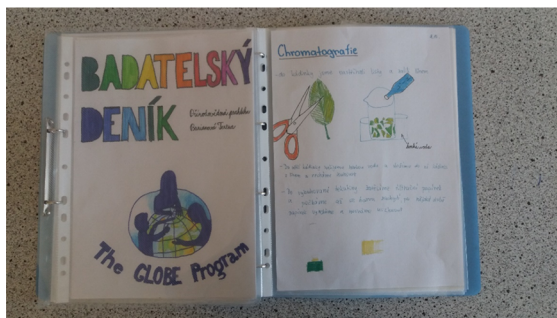

- Hradec Králové is a nice, big, historical city
- We have two rivers (Labe, Orlice)
- 93 000 people in Hradec Králové

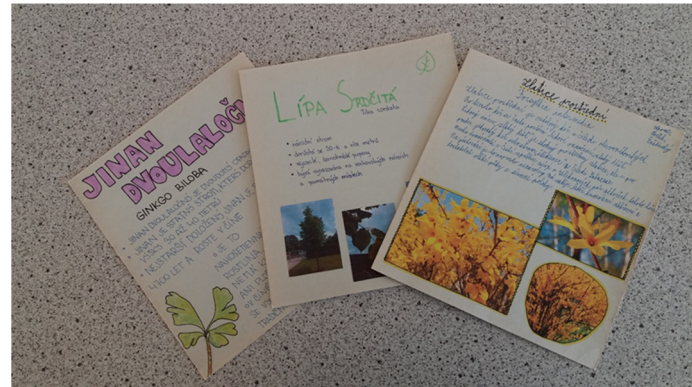

Our PROJECTS

1. Garden bomb – increasing biodiversity of our school garden
2. Phenology – European Phenology Campaign
3. Model of our school garden
4. School competition in building birdhouses
5. Posters of trees
6. Meteorology – types of clouds
7. Chemistry project – The murderers weakness about DNA analysis
8. Moon Camp Challenge

Our PROJECTS

Czech GLOBE Star

- For this special event, we went to the Prague
- We won in a category named Jumper of a year

European Phenology Campaign

- We observe lime, hazel, beech and lilac

<https://www.growapp.today/#/>

Oberstufe Uzwil, Schöntal

OŠ Vladimir Nazor Virovitica

Ivano-Frankivsk City Environmental Station

Our common photo from school year 2018/2019

Our buds

Spring 2020, because of Covid
19:

Mrs. Balcarova can measure buds
only with her daughter Anna and
her son Vojta
