

# Earth System Science/GLOBE Partner Collaboratives

Partner Recruitment

John Ristvey

Deanna TeBockhorst

Amy Barfield

April 8, 2020

This work is supported by the National Science Foundation, Division of Atmospheric and Geospace Sciences (AGS), # 2011518

Any opinions, findings, and conclusions or recommendations expressed in this material are those of the author(s) and do not necessarily reflect the views of the National Science Foundation.

# Introductions

- Tell us your name/organization and how you are engaged in Earth System Science (ESS) and/or GLOBE
- Please add your email to the Google Doc (see chat)
- Based on the new world of COVID-19
  - How are you doing in your location?
  - What would you like to share?

# Purpose

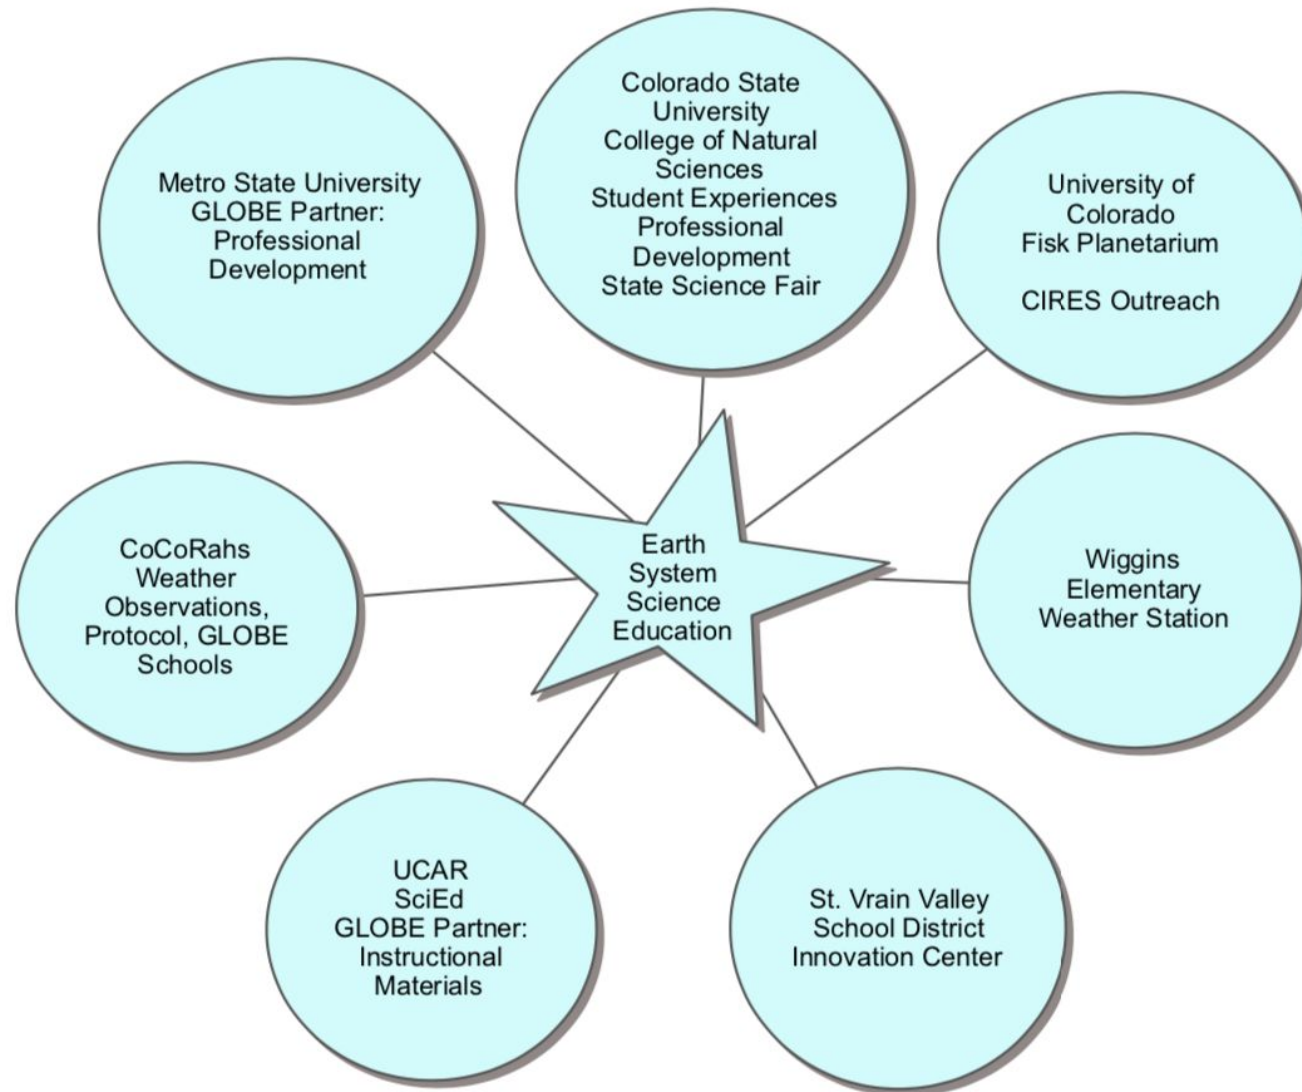

- Recruit teams of Earth System Science (ESS) Providers and GLOBE Partners to develop and implement a plan for sustaining collaboratives in each of the six GLOBE regions with the potential for one or more teams to cross these regions.

# Make up of Partner Collaboratives

- Formal and informal providers in Earth System Science (ESS) from:
  - K-12 schools
  - Community colleges
  - Universities
  - Minority serving institutions
  - Informal science learning centers
  - Nonprofit education organizations
- Regional GLOBE representative
- Active GLOBE Partners in a region

# Colorado ESS Collaborative Example

## EARTH SYSTEM SCIENCE COLLABORATIVE

working together to benefit ESS in Colorado

Month, Year	Activity	Deliverable
January-April, 2020	Develop application Meet with US Partner Forum Share opportunity with community Recruit participants Meeting planning	Application List of possible attendees/region Refined agenda

April, 2021	Third Check-in via Zoom	Report on accomplishments, lessons learned, and revisions to plan
Spring, 2021	Report findings	Report submitted to NSF
Summer 2021	Develop proposal for follow-on research	Proposal to funder

# Questions for you regarding timing of Collaborative Meeting due to COVID-19

- What does the timeframe look like for you to recruit a collaborative team?
  - Deadline for application?
  - What would help you build a team?
- Would another webinar in April/May be useful?
  - Would it be better for us to meet with you/your group individually?
  - What date in the future would you like to re-convene via Zoom to help us make decisions regarding the timeframe for a future face-to-face meeting?
- When do we need to make the decision go/no go for the August face-to-face?
  - What are your thoughts about having the face-to-face meeting later in the fall if needed?
  - If we can't meet in person in August, would a virtual meeting be feasible?

# Action Items/Request

- First, we are here to help you!
  - It's okay if your team commitments are not firm yet
  - Let us know your ideas and how we can work together to make it happen
  - What are new opportunities for you?
- Next, build your team
  - Identify and reach out to leaders from your area (e.g., ESS providers and GLOBE partners) about this opportunity.
  - Share the application to interested teams.
    - Use letter of invitation (provided)
    - [Applications](#) will be due on June 5, 2020 to the best of your ability
    - Incomplete teams can be filled after the deadline
- Schedule 1:1 meeting with us and attend future planning webinar
- Tentative: August 17-19, 2020 Planning Meeting in Boulder, CO
  - Space for the August workshop is limited to 30 participants total comprised of up to six teams

# Benefits

- Opportunity to build or expand ESS in your region
- Time to work with ESS leaders to build a sustainable plan for your region
- All expenses paid trip to Boulder, CO for planning meeting in August?
- Ability to network with partners and ESS providers in regions across the United States
- Expand GLOBE in your region
