

# Collaborative Sessions

GLOBE Implementation Office

Hyderabad, India

17 January 2019

## Reflection

- What do you think your biggest accomplishments have been and/or what worked and why?
- What challenges did you have, and how did you solve them?
  - Larvae identification
  - Motivating teachers and students

## Summary from Yesterday

### Accomplishments

- Awareness about Zika and mosquitoes in general
- Collaboration with key institutes
- Recognition of teachers
- Teacher trainings

### Challenges

- Privacy of minors (adding students to GLOBE)
- More teacher training on how to use data
- Best way to get more lenses
- Funding
- Digital literacy
- Continued motivation

## Looking Towards the Future

- What does sustainability of the project mean to you and how can we achieve this?
- Who else in your community can you engage to further the project?
- How could the data be more useful to the Public Health Officials in your community?
