SLE-GO2025! International Science Learning Expedition in cross-border area ITA-SLO will be hosted by GLOBE Italia with the following partners: GLOBE Regional Office Europe and Eurasia; CSOD-GLOBE Slovenia; UNIUD-Di4A – University of Udine, Department of Agro-Food, Environmental and Animal Sciences; CREA-GO Council for research in agriculture and agricultural economics – sec. of Gorizia; ISIS DELLA BASSA FRIULANA, GLOBE school.

Sponsored by the Italian Ministry of the Environment, the Municipality of Gorizia, the Friuli Venezia Giulia Region

LOCATION: Gorizia and Nova Gorica, on Occasion of Gorizia-Nova Gorica European Capital of Culture 2025

WHERE: The base camp includes an overnight stay in tents in the camp set up at the historic Duca d'Aosta airport in Gorizia.

WHEN: September 2025, from 18th to 21st

WHO: students aged **12 to 17** (the representatives will be made up of 4 students + 1-2 teachers), researchers, GLOBE teachers, experts.

WHAT: The event will host representatives of European schools who will participate in full immersion in a "base camp" from which the stages of the "expedition" will start. The topics covered for the environmental sectors – WATER, AIR, SOIL, BIODIVERSITY + ENVIRONMENTAL EMERGENCY MANAGEMENT - will also be an opportunity to enhance Science as a tool of diplomacy beyond borders.

The full-immersion "scientific expedition", supported by researchers and outdoor teaching experts, will raise participants' awareness of an experiential and scientific understanding of places, with particular attention to environmental issues and climate emergencies.

The collaboration with the Regional Civil Protection for the organization of the base camp will strengthen the culture of volunteering and will be an opportunity to promote the importance of prevention among young people of different origins by providing models of behavior in a context of increasingly frequent global crises.

HOW TO GET TO GORIZIA

By plane to Trieste Airport, by bus/train from Trieste Airport to Gorizia.

By plane to Ljubljana Airport, by train from Ljubljana to Gorizia or Nova Gorica

By plane to Venice Airport, by train from Venice Airport to Trieste Airport (Hub) and then by bus/train to Gorizia

By train - arriving in Gorizia or Nova Gorica

By bus – Flixbus or others - to Gorizia or Nova Gorica

DRAFT AGENDA

First day: arrival in Gorizia at Duca D'Aosta Airport by 12.00, a local travel support will be organised.

Welcome - Lunch - Formation of the teams

2.00 pm-5.30 pm Field activities - soils - biosphere - satellites

7.00 pm Dinner at base camp

8.00 pm Activities with Civil Protection - Team work

Second Day:

9.00 am - 12.00 am Field activities - biosphere – atmosphere

Lunch

2.00 pm-5.30 pm Field activities - hydrology and microplastics

Dinner

Evening Team work

Third day:

9.00 am-12.00 am - Parks of Gorizia and Nova Gorica, monumental trees

Pic-nic

Visit to the Cities of Gorizia – Nova Gorica

In the afternoon: visit to the exhibition “The torments of Poseidon, microplastics in the hydrosphere”

Evening: Presentation of the work carried out in the field by the exploration teams

Dinner

Fourth day: departures

FEE

A contribution for a partial coverage of costs of **110 euros per person** is required by participants.

Includes expenses for food – local transfer – materials.

All interested groups-participants are invited to send their application **by 10th July, 2025** using the following link:
