

# INVITATION

## TO

## PARTICIPATE

## IN

# Aerosols in Europe

### 2015-16

*Would you like to participate in an inspiring network focusing on aerosols and climate?*

*Would you like to collaborate with schools from all over Europe?*

*Do you want to work together with a Norwegian school?*

*Do you have pupils at the age between 16 and 18 (high school)?*

If you answer yes to these questions, you are an obvious candidate to participate with your class in “Aerosols in Europe” organized by GLOBE Norway.

This project is a part of the Aerosol Campaign organized by GLOBE Europe.

What is required in order to participate?

- A sun photometer  
If you do not have a [Calitoo sun photometer](#), you have to buy one.
- You have to be able to participate at a workshop (3 days) in September 2015 and in 2016 somewhere in Central Europe.  
You have only to organize and pay for your travel. **Two teacher should participate from each school.**

You can read more about the project [here](#) and more about the campaign [here](#).

**The application date is before May 15<sup>th</sup> 2015.**

Please register for the project [here](#).

Within the end of May we will select 15 schools to participate in the project (1-2 per country)

Best regards

Karl Torstein Hetland  
GLOBE CC Norway
