

**Conclusions**

The project has been successful in its implementation. It has helped to promote the rule of law and to support the Ukrainian government in the fight against corruption. The project has also helped to improve the quality of education in the Lviv region.

**Future plans**

The project will continue to be implemented in the future. It will help to promote the rule of law and to support the Ukrainian government in the fight against corruption. The project will also help to improve the quality of education in the Lviv region.

## Future plans

- Annual seminar in Cherniv
- Organization and coordination of regional meetings and trainings through GLOBE regional network
- More webinars and online-conferences for web-training
- Organization of competitions and contests
- Provide more cooperation and communication between Ukrainian schools, propose joint projects
- Continuation and development of the "Seasons & Climate Studying" project

## Conclusions

- Active GLOBE students and teachers have conducted more than 20 researches on Hydrology, Land Cover/Biology and Atmosphere. Unfortunately, almost none of their data were sent to GLOBE web-site
- New materials have been developed
- Thanks to informational campaign new teachers have joined GLOBE
- A couple of international projects have started

## International cooperation

- Two Ukrainian schools were involved in Global engagement in Science Teaching project
- An international project "Seasons & Climate Studying" has started

## GLOBE Art Calendar

- More than 30 entries
- Ukrainian GLOBE Art Calendar created

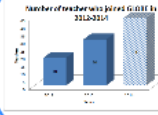

## GLOBE in Ukraine

Coordination: Volodymyr Verbytskyi,  
Director of National Ecology and  
Nature Center of Ministry of  
Education and Science of Ukraine  
Deputy Coordinator: Natalya  
Pustalnik

## Schools network

(Statistics of students in secondary schools according to GLOBE has theme)

## Our goals in 2013

## Annual GLOBE Seminar

- 35 participants from regional Ecology and Nature Centers
- Trained in "Hydrology" and "Land Cover/Biology" protocols

### Results:

- more than 30 regional consultations
- 12 new GLOBE teachers

## Supporting materials

- New web-site created: [nenc.gov.ua/globe](http://nenc.gov.ua/globe)
- Instructions, Green-Up and Green Down protocols translated into Ukrainian
- Webinars were held
- Facebook page opened
