

2024 U.S. GLOBE Regional Student Research Symposium - Project Review

Place student names here

Project Number/Title: _____

KEY: **+** Strength **?** Question **△** Area for Improvement **!** Wow Factor!

Criteria	Icon	Comments
Research Question		
Objectives are clear and focused		
Answerable through Western science and/or Indigenous knowledge		
Research Methods		
GLOBE protocols and/or data are used		
Defines what is being observed or measured		
Well-designed research plan		
Results		
Shows or summarizes observations through text, graphics, mathematics, statistics, stories, illustrations		
Interpretations supported by data		
Discussion/Conclusion		
Puts findings in context, explains how students learned		
Describes future plans or research possibilities		
Includes acknowledgement of scientific literature, Elder and/or local knowledge		
Poster		
Logical organization		
Pictures, tables, graphs have clear labels		
Presentation		
Clear, thoughtful responses to questions		
Demonstrates understanding of project science and local relevance to community		

Specific Areas of Excellence *(Mark all that apply)*

Use of GLOBE Protocols/Data
Use, analysis and/or visualization

Community Impact

Research Process
Questions, methods, and/or conclusions

21st Century Skills
Collaboration, communication, creativity, and/or critical thinking

Indigenous/Community Knowledge
Elder connections, Indigenous knowledge, stories, values, language, history

Notes:
