# How we raise Funds

Regional Office send grant proposals to agency working in the field of environmental awareness to support environmental education projects that promote environmental awareness and stewardship and help provide people with the skills to take responsible actions to protect the environment. This grant program provides financial support for projects that design, demonstrate, and/or disseminate environmental education practices, methods, or techniques.

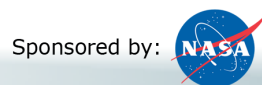

- We prepare proposal to Promotes sustainable communities through Environmental Solutions for Communities that link economic development and community well-being to the stewardship and health of the environment.
- The proposed program will provide capacity building through the development and implementation of projects in areas, including but not limited to: water resource management-- surface and groundwater, drinking water, and wastewater management-- solid waste management, air quality management, greenhouse gases (GHG), black carbon, climate adaptation and resiliency, emergency response capacity, environmental impact assessments (EIA), public participation/social inclusion, and environmental enforcement and compliance.

# Fund Raising Activities of the Regional Office

We have been approaching following agencies/ organizations for the financial support to implement GLOBE and its related projects in past year:

- Ministry of Earth Sciences, Govt. Of India
- KNCF
- Ministry of Environment and Forests, Govt. Of India
- Department of Science and Technology, Govt. Of India
- Department of Environment, Govt. Of NCT of Delhi
- Public Affairs Section of the American Embassy in New Delhi
- Japan fund for global Environment (JFGE)
- United Nation Environment Program (UNEP)
- The United Nations Educational, Scientific and Cultural Organization (UNESCO)
