# The School's Vision

- Our school, named after **Yakov Cohen**, is a constantly evolving institution built with an inspiring and innovative communal vision.
- The school encourages **groundbreaking thinking** and supports educational initiatives, which are given a real platform.
- The joy of creation is brought to the fore, touching all involved, allowing the final product to reach the **highest standards**.

# The School's Vision

- The school combines a rich, intriguing and thought-provoking curriculum, which develops creativity, manifesting personal expression and igniting the joy and meaning of learning through discovery and experience.
- The warmth radiating from our school, allows students to grow, flourish and achieve their goals with enthusiasm and real desire.

CONNECTING THE NEXT GENERATION OF SCIENTISTS

# Our house rules

- ✓ We will respect our fellow-human beings.
- ✓ We will take care of school property.
- ✓ We will obey the authority of the school's staff.
- ✓ We will show up on time for our classes.
- ✓ We will abide by the class' rules.
- ✓ We will play cooperatively with our classmates.
- ✓ We will come to school in the accepted uniform and use; both our personal and the school's technological facilities wisely.

# "Knowing yourself is the beginning of wisdom"

The ways of the world are a mystery; human navigation of the world is a wonder.

The Yakov Cohen School believes in students who create their own world, discover, explore and expand their horizons in a broad sense.

Discovery is the key to success.!
