

*Do you lead Elementary GLOBE professional development workshops for teachers? Are you looking for hands on materials to use during the workshop and for your teachers to use back in the classroom? [At our Xcite Learning GLOBE trainings, we provide each teacher with a "Do GLOBE" kit to get them starting implementing GLOBE **immediately** upon their return to the classroom].*

Elementary GLOBE Materials Kits Available at our Xcite Learning Store

[\[http://www.xcitelearning.com/xcite-store\]](http://www.xcitelearning.com/xcite-store)

Each kit provides enough material for 8 working groups (or up to 32 students) for all learning activities in the unit. A folder containing a blackline master of the unit lesson plans and student sheets is also included. The classroom materials are shipped in a heavy duty plastic container for easy storage.

Kits Available: [Click each title and see the complete materials listing]

- [What's Up in the Atmosphere: Exploring Colors in the Sky](#) [\$125 + tax & shipping]
- [The Scoop on Soils](#) [\$209 + tax & shipping]
